New Website Launched

After many months of hard work from our team at Zehnder America, we are pleased to announce the launch of our redesigned [website](#).

Our primary goal during the redesign process was to create a more user-friendly experience highlighted by intuitive navigation, a wealth of information about our products and an updated e-commerce interface.

CAUTION Construction Area

Zehnder Academy Training Facility

We are hard at work building a hands-on training facility at our office in Hampton, NH.

Construction will be completed in the next few months, so keep an eye on your email for our Grand Opening announcement and upcoming training opportunities and events.

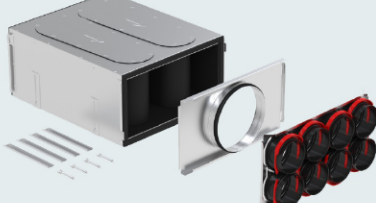

6 Common Mistakes When Installing & Commissioning Ventilation

...and how to avoid them

Product Features

ComfoWell

ComfoWell is a unique design to Zehnder consisting of 3 parts;

- 1 | End Plate
- 2 | Silencer
- 3 | Manifold

[LEARN MORE](#)

ComfoFlex/ComfoTube

Both are flexible 3" tubes designed to be installed within 2"x4" framing. These tubes are run from the ComfoWell to the registers to allow for precise control of air.
